While no exception can be taken to the names suggested by the Ch. Secy. all of which are suitable in my opinion, still it seems to me that it would be only fair to the dept & the officers concerned if there is a likely one among those taken at present there are three senior Asst. Supdts of these I do not think the most senior is likely to be up to the mark. The next has been in the department more nominally than otherwise & he is fairly advanced in age (such his case also would not be considered) The one who comes next to him, viz Mr. Govindrao is, I think, likely to prove satisfactory. He has yet another ten years service & is active, prompt & methodical. He has been in charge of an Establishment for some years past & has gained sufficient experience also. Another point in his favour is that he knows Marathi. I should therefore recommend his candidature being considered. What I should suggest is that he be sent to Bombay on deputation to the first vacancy & then given a chance on the retirement of the present Supdt.

A letter from the Hebbikar expressing his willingness to undergo the special training is perused. There seem to be no objection to giving him an assurance about his prospects in the general line, as the special training in survey settlement work will be very useful to him as a Revenue officer. As regards deputation allce the rate may be fixed after definite information obtained as to the length of the training & the place of deputation &c.

Submitted to His Highness.

These papers relate to the question of selecting a suitable officer for being given the necessary preliminary training in view to his being appointed Deputy Superintendent of Survey when Mr. K.G.Shamanna to whom an extension of service is granted up to 30th June 1921, retires.

2. At the meeting of the Council held on the 20th May last, the Council resolved that Mr. G.B.Heblikar may be selected for training by deputation to Bombay and that his place and rank in the Survey Department may be considered after his return from training.

Page 4 of office Notes

3. Mr. Heblikar, when consulted, represents that he is agreeable to undergo the training if he is given option to revert at any time to the general line and he is also given a deputation allowance of Rs. 150/- per mensem, in addition to tentage and travelling allowance as Survey Officer.

4. In the meantime the Superintendent, Revenue Survey, requests, in his letter of 8th June 1920, that orders appointing an officer to succeed Mr. Shamanna when he retires may be issued early, so that the former may be put upon the course of the necessary preliminary training at the present opportune time and suggests the name of Mr. D. Srinivasa Rao, Assistant Commissioner and Assistant Superintendent, Revenue Survey, as being best fitted for being so appointed and for being eventually placed on deputation to Bombay, first for about two months in lieu of the arrangement sanctioned in Government Order No. 6912-3/L.S.29-19-2 dated 12th December 1919 for collecting information regarding recent improvements in the Settlement work.

To

B. Ramaswamiah, Esq., B.A., B.L.,

Secretary to the Government of H. H. the Maharaja of Mysore,

Revenue Department.

Sir,

With reference to Government order No.1434-36/C.B.36-19-46 dated the 6th April 1920, granting an extension of service to Mr.K.C.Shamanna, Deputy Superintendent, Mysore Revenue Survey, upto the 30th of June 1921, I have the honor to request that ~~th~~ the orders of Government may be kindly obtained as to the officer who is to take the place of Mr.Shamanna when he retires. ~~Th~~ The time being now favourable for the giving of the necessary training to him, I beg that such orders be communicated to me at an early date.

In my humble opinion Mr.D.Srinivasa Rao, Assistant Commissioner, who ranks next to the Deputy Superintendent in the Department is best fitted for the place. His knowledge of the work of the Department is very sound, and his character for activity, intelligence and reliability, is beyond question good. I am sure that with some training in the higher functions of the Department during the monsoon season about to commence, he will do very well in the responsible post to which I am recommending him.

In this connection I beg to refer to Government order No. 6912-3--L.S.29-19-2 dated 12-12-1919, approving of my proposal to depute Mr.H.Vyasa Rao with a senior official for a few days to Poona and to Madras in order to collect information regarding improvements that may have been effected within recent times

settlement work in
times in the Bombay and the Madras Presidencies. Mr.Vyasa Rao who has been busy with other work could not so far be spared for the purpose. But I would suggest for the kind consideration of Government, that should my proposals about Mr.D.Srinivasa Rao as made above find favour, he may well be sent on the deputation, and perhaps for a longer period of, say, a couple of months, to Bombay first, so as the task may be performed in a more satisfactory and complete manner.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent.

2. Letter No. J 2961 dated 16th February 1920 from the Revenue Commissioner in Mysore (the Chairman of the Committee) forwarding the recommendations of the Committee in the matter.

- - - -

Order No. R. 13587-98 / R.S 37-18-9 Dated, Bangalore 9/15 June 1920

In view of the heavy loss of revenue to Government year after year resulting from the increasing resettlement arrears and the difficulty felt in securing the required number of qualified hands to man the field establishments for expediting the work, the Committee recommend that Kushki lands in the talukas in which resettlement is now overdue may be resettled without previous field work the wet and garden lands being dealt with later on, on field establishments to on completing resurvey and reclassification thereof.

3. On a careful consideration of the question in all its aspects Government think that the recommendation of the Committee to effect the partial settlement of dry lands only is opposed to the very principles of the land Revenue Administration of the State and cannot be accepted. They consider that the arrears should be reduced only in the usual course by adopting a systematic and energetic programme under which four taluks at least should on the average be completed every year. The Survey Superintendent is therefore requested to submit detailed proposals for the entertainment on a temporary basis of any additional staff required for working on the work in the manner indicated above.

4. Government consider it also desirable to post an Assistant Commissioner of the First Grade to be trained, by deputation to Bombay, for the work of the Department particularly in up to date systems of resurvey and settlement operations. Necessary steps will be taken separately in this behalf. Also-
